EVOLVING STRATEGY							
Our main mission is to decrease the mortality rate among people due to lack of ambulances and medicines on time. Our vision is to create a network connecting the entire medical system and making it accessible to the people with a single tap on their phone. We try to bring the locations under the decided to start in keeping and concerns the services and further				->Provide fair, equitable and timely access to quality, safe service that customer need. ->Engage with and involve our staff in service delivery. ->Taking reviews from customers and therefore improving our services.	->Hospitals, Ampharmaceutical subscription ->A fixed percentage through AMBCARE secorresponding corresponding contained by ambul	bulance service centers and shops have to pay an annual amount will be charged. The of income from each purchase ervice, will be collected from the pharmaceutical shops. The collecting a percentage of incollance service centers from each ey get with help of AMBCARE.	-> Using word of mouth advertisement (Chinese whisper) me to gain authenticity for app.
